

H1 Pro

Wireless headset instruction manual

Introduction:

Welcome to use the H1 Pro Wireless Earphones. This mellow and exquisite product with excellent sound quality and a comfortable fit was designed and well-polished with inspiration by our team. A wonderful listening experience will be along with you wherever you are wearing it.

Bluetooth Pairing Connection:

1. When you use it for the first time, please open the lid of the charging box, and search for H1 Pro in the Bluetooth Pairing system in your cellphone, click the name of H1 Pro and complete the pairing.
2. After the pairing is recorded by the device, it will be automatically connected (the Bluetooth should be turned on at your cellphone) without searching and pairing manually.

Press and Touch Function

1. Click Pause/Play to answer/hang up the phone
2. Long press the left ear to play a song, Long press the right ear for the next song
3. Double tap left ear to decrease volume, Double click on the right ear to increase volume
4. Three clicks to enter Siri intelligent voice
5. Power on/off can be done manually. Long press 3 seconds to power on and 15 seconds to power off.
6. It will be automatically powered off three minutes after it is unconnected with Bluetooth.
7. The earphone does not light up during the whole process. The charging box lights up orange when charging the earphones, and does not light up when it is full. The charging box flashes orange light when charging, and the orange light stays on when it is fully charged.
